```
could be due to (1) creating @tf.function repeatedly in a loop, (2) pas
different shapes, (3) passing Python objects instead of tensors. For (1), please de
your @tf.function outside of the loop. For (2), @tf.function has reduce_retracing=Tr
option that can avoid unnecessary retracing. For (3), please refer to https://www
.tensorflow.org/guide/function#controlling_retracing and https://www.tensorflow
.org/api_docs/python/tf/function for  more details.
